Thank you for sending this to me. As you are aware, anyone can send an anonymous letter and sign any one's name. Since you know this is false, and we, the board, know it's false (when did you and Harry have access to MECDA's data base?) perhaps it's best to let it die down.

Here is a copy that was forwarded to me. My original copy is at my attorneys. At the time this was posted on the MECDA tribal listing, there were about 200 people calling us thieves and everything else.
